ANOTHER BANK MAY SOON BE STARTED.

A Large Amount of Proposed Capital Stock Subscribed.

\$25,000 ALL NECESSARY.

People of Small Means Think Well of New Institution.

That there is a difference of opinion as to whether Hopkinsville needs another bank all know, but when a deposit bank that will pay interest after a certain time on deposits is mentioned to the economical man, woman or boy, they are glad to hear of the probability of having a place where they can keep their money and let it make a little more for them. Of course that is where small amounts will be left. Such a bank, some think, would be of great advantage to those who are only able to lay aside a little of their weekly earnings. It would cause such people to be economical. They would gradually become more so each day, and the general results would be beneficial to all—men would thus become more able to pay their debts and the too general credit system which prevails would, to a certain extent, be reduced.

On the other hand, it would seem that merchants would have no reason to withdraw their business from the bank which has for so many years extended favors to them—often helping them by allowing them to overcheck their accounts when collections were slow. It would be the basest ingratitude for them to do so.

Men who are not acquainted with the banking system cannot figure out how a bank with \$25,000 capital can pay salaries, rent, etc., and come out at the end of the year with any profit whatever.

Of course this is the all important question to be considered. Will it pay? first enters into every new enterprise. The Kentuckian is not financier enough to figure it out or a prophet enough to foretell what would be the result. As a disseminator of news and working for the public good, we simply mention the arguments pro and con, leaving it to those who are better qualified to settle the question. We want to see Hopkinsville grow and keep on growing. If more banks are necessary, let us have them. If the people are to be benefited by a deposit bank, let it come.

In a talk with Mr. Gus Brannon a few days since he takes a roseate view of the establishment of a deposit bank. He thinks it will be profitable and that a paid up capital stock of \$25,000 is all that will be needed. He is a practical banker and ought to know. He may not. He says that Owensboro has a population a little less than double that of Hopkinsville, and they have twelve banks. Hopkinsville has four. He says that the Savings Bank of Owensboro started twenty years ago with \$25,000 capital, and its business has been such that today its capital is \$100,000—increased by its earnings.

Mr. Brannon is sanguine as to the bank he is organizing soon being opened up. About three-quarters of the stock has already been subscribed by people of the city and county, and in reply to the question, "Will it go?" he gave a very emphatic "Yes."

We are not offering advice to anyone—just giving a little of what we hear and nothing of what we know. The people must draw their own conclusions and act as their better judgment directs.

The union services Sunday night will be held at the Ninth Street Presbyterian church.

CLARK AND JACKSON WIN IN PRIMARY.

Elections Were Close and Exciting, But Quietly and Orderly Conducted.

HEAVY VOTE POLLED.

City Ticket Completed and Is One of the Strongest Ever Put Out.

FIRST WARD.	SIXTH WARD.
Clark.....53.	Jackson.....108.
Tibbs.....52.	Flack.....90.

The Democratic primary elections of the First and Sixth wards were close and hotly contested all day Tuesday and brought out heavy votes in both wards.

In the First 105 votes were cast and in the Sixth 198 votes.

The polls closed promptly at four o'clock and the votes were counted in fifteen minutes.

In the First ward the result stood:

J. Miller Clark.....53

H. W. Tibbs.....52

Majority for Clark.....1

In the Sixth ward the result stood:

Dr. J. B. Jackson.....108

E. M. Flack.....90

Majority for Jackson.....18

Friends of all the candidates worked hard all day and the result was in doubt up to the close of the polls.

Dr. Jackson is the present Councilman from the Sixth ward and the present nomination is for a third term. All of his nominations have been won in hot fights, but he has never been defeated. In his last race he won by 11 majority.

Mr. J. Miller Clark, the nominee in the First ward, is receiving clerk at the Crescent Mills, and a young man of fine character and wide popularity, as is shown by his victory over one of the best known and most popular men in the ward, who had represented the ward twice before. Mr. Clark is only 27 years old, and will be the youngest "city father" who has ever served in the council.

The heavy vote polled in both wards shows that Democrats will be plentiful this fall and abundantly able to take care of themselves in the coming contest. The full list of nominees appears at the head of our editorial column.

PATIENT RUNS AWAY.

While at Home on a Visit to His Brother.

Lloyd Nelson, who had been an inmate of the Asylum 2 years, and who, on account of his mild form of insanity, was allowed to go to the home of his brother, J. B. Nelson, 5 miles from the city, on the Palmyra road, is at large. He left last Thursday and nothing is known of his whereabouts.

He is about 6 feet tall and weighs about 165 or 170 pounds; light hair and moustache and blue eyes. He is about 30 years old. He is not inclined to talk more than other people and no one would take him to be of unsound mind. Any information will be gladly received by his two brothers, C. B. and J. B. Nelson. Or information can be sent to the asylum authorities.

Dr. Wyatt and wife, who have been at Drennon Springs, Tenn., for some time, will return this week. Dr. Wyatt will preach at his church next Sunday morning.

GERMANS FILLING COUNTRY

Settlers Find an Ideal Location in the State of Virginia for a Settlement.

Richmond, Va.—Lunenburg county, along the line of the Southern railway, is filling up with Germans from the north and west. The newcomers are in fine farms and engaging in cattle raising, poultrying, fruit growing, trap culture and similar pursuits. More than 50 families have moved in during the past year, and they appear to be happy and contented. They are all making money, living economically, and seem delighted with the conditions now here.

Three years ago a German came to Virginia from Minnesota. He bought a farm in Lunenburg county and began to sow grain and raise cattle for market. He paid \$3,000 for the farm, and less than a month ago he was offered \$12,000 for the farm, declining to sell at any price. He has made cattle raising pay, and pay handsomely. A colony moved in last month, buying a farm of several hundred acres, which was divided up among the colony, each man getting about 100 acres. They do not spread over an immense acreage, but do attend to small fields, getting the best results, and with less labor than the farmers of this section.

They have begun to demonstrate to the farmers of the state that they know a thing or two, and the example of small fields, well cultivated, is being followed by many of the Virginians.

August 25th will be Farmers' Day at Pembroke, Ky. I earnestly beg two or three good men from each voting precinct to meet me at nine o'clock in Pembroke on that day.

W. W. RADFORD, Chairman.

QUESTION OF THE CLASSICS

The True Value of Latin and Greek Is Discussed When Colleges Turn Out Students.

College commencements give rise to discussion of modern educational methods, including, of course, the old question as to the utility of Greek and Latin in the equipment of the graduate. Opinions differ as widely as ever because there is something to be said on both sides of the question, says the Chicago Chronicle.

On the one side it is contended that a man cannot have too much knowledge, and this contention cannot be gainsaid. It is also true that mastery of the so-called dead languages constitutes a source of intellectual enjoyment and satisfaction to him who has mastered them. It is not mere tradition which keeps alive the study of Greek and Roman literature. There is an intrinsic value to that literature which is appreciated even by those who do not enjoy a first-hand familiarity with it.

It may be admitted that the ability to read Homer or Horace in the original is not likely to help a man in the acquisition of riches, but the acquisition of wealth is not the only satisfaction of life. If we were strictly to limit ourselves to those things that contribute to material prosperity, this would be a cheerless world indeed.

The truth is that our happiness lies in the sentimental rather than in the practical side of life. The same theory that would eliminate the learned languages from the college curriculum would logically abolish music, the drama and the arts of painting and sculpture because they are not utilitarian, but entertaining.

Yet there can be no doubt that Latin and Greek are losing ground in the colleges and universities. The "scientific" course gains more and more at the expense of the "classical" course. The tendency is toward the severely practical and away from the purely intellectual and sentimental. We are becoming specialists. The young man is encouraged to know one thing and to know it thoroughly. When he has acquired the knowledge of that one thing he usually finds that he knows little or nothing of anything else. We are getting men highly trained, but having only one idea.

This is not good for the nation or the individual. It means a narrowing of the mental horizon and a subordination of everything to the purely material idea. In this view of the matter we might well wish that "the humanities" still maintained the prominence in the college course which they enjoyed a century ago. At all events, the collegian who elects to take the classics may be sure that he is not wasting his time. He may thus forego the commercial opportunities, but he will enjoy an intellectual comfort and pleasure that mere money could not procure for him.

EVER WATCHFUL.

A Little Care Will Save Many Hopkinsville Readers Future Trouble.

Watch the kidney secretions. See that they have the amber hue of health; The discharge not excessive or infrequent; Contain no "brick-dust like sediment." Dean's Kidney Pills will do this for you.

They watch the kidneys and cure them when they're sick. Hopkinsville testimony proves it. J. W. Tunks, of 312 W. Seventh St., who is employed at the M. C. Forbes planing mill, says: "The condition of my health was such as to cause me a great deal of worry about my future. I had almost constant aching across the small of my back and the kidney secretions were highly colored, excessive and irregular, in fact, the disorder was so pronounced that it had been said it bordered on diabetes. I also suffered at times with indigestion which caused me a great deal of distress. At one time I was scarcely able to do any work at all for nearly a year. I doctored and tried various remedies but nothing did me any permanent good until I used Dean's Kidney Pills. I procured a box of A. Johnson's drug store. I had them only a few days when I noticed a change for the better and by the time I had finished the box I found they had brought about so decided an improvement in my condition as to convince me of their real worth and I am more than thankful for the relief that I have received."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Dean's—and take no other.

Herbina

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over-indulgence in food and drink. G. L. Caldwell, Agt. M. K. & T. R. R., Choctaw, Ind. Ter., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbina. It has made me sound and well." 50c. Sold by Cook & Higgins.

Stop That Cough!

When a cough, a tickling or an irritation in the throat makes you feel uncomfortable take Ballard's Horehound Syrup. Don't wait until the disease has gone beyond control. Mr. and Mrs. J. A. Anderson, 954 West 5th St. Salt Lake City, Utah, write: "We think Ballard's Horehound Syrup the best medicine for coughs and colds. We have used it for several years; it always gives immediate relief, is very pleasant and gives perfect satisfaction." 25c, 50c and \$1.00. Sold by Cook & Higgins.

Union services were held at the Baptist church Sunday night. The sermon was preached by Rev. E. L. Southgate, of the Methodist church. The union services will be discontinued after two more Sundays.

Great pressure is being brought to bear upon Miss Katie McDaniel, from voters of both parties, to make the race for re-election as superintendent of county schools, independent of party action. Miss McDaniel has filled the position for eleven years in a most acceptable manner to all the people. Though elected as a Republican nominee, she has known no favoritism in her office and has made one of the best superintendents in the State. There will be no Democratic candidate for the office and she would get almost the solid Democratic vote. She has under advisement the matter of becoming a candidate.

The readers of this paper will be pleased to learn that there is at least one drugged disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. Cheney & Co., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

CANADIAN THISTLE

Must be Destroyed According to Kentucky Statutes.

There has been a great deal said about the Canada thistle within the past ten or twelve years, but very little done, especially in some sections of the State. In this, as well as other counties of this section of the state, the destruction of the Canada thistle has been greatly neglected, notwithstanding the fact it is strictly against the law.

The spread of the thistle or weed is very alarming in certain sections of the state, and within the past two or three years the growth of the thistle has been very noticeable and in some sections of the state the spread is becoming very alarming.

It is the duty of every citizen in the town, county and state to destroy every Canada thistle as soon as discovered. It is said that this can be done by cutting down close to the ground, but the best plan is to dig up every bunch or cluster by the roots and burn them. To cut them down and allow to dry up on the ground will do but little good.

There is nothing more damaging to the farm and meadow than Canada thistles. It is almost impossible to pasture stock where the thistle gets a good start in the meadow. On some of the public highways the thistles are overlooked and allowed to remain standing.

Section 200 of Kentucky Statutes says: "It shall be the duty of every person or person, and of every corporation holding lands in this Commonwealth by lease or, otherwise, on which any Canada thistles, or weed commonly known as Canada thistles, may be growing to cut the same, so as to prevent such weeds or thistles from going to seed and the seed of the same from ripening. Any person or persons, or corporation as aforesaid, who shall or may have land as aforesaid in this Commonwealth, and who shall knowingly neglect or refuse to comply with the provisions of this act, shall forfeit and pay a fine of five dollars, removable before any justice of peace, or by indictment in the Circuit Courts of the State."

Grave Trouble Foreseen.

It needs but little foresight to tell, that when your stomach and liver are badly affected, grave trouble is ahead unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by R. C. Hardwick, druggist, at 51c a bottle.

CLEAN THE STREETS.

If it is Not Done an Epidemic May be Dreaded.

With a petition of citizens before the county judge to call upon the people of the county to observe a day to be named for cleaning up roadsides, etc., another petition to clean up the city is now in order. This paper, a few issues since, suggested that all city premises should be thoroughly cleaned and lined, but so far as has been observed the warning fell on deaf ears. With the intense heat and humidity experienced for some time if the city escapes an epidemic of some kind it will be almost a miracle.

THE COURTS.

Business Dull in Both Departments of Justice.

Deputy County Clerk Wicks is complaining of dullness in his office, but more particularly about the scarcity of applications for marriage license. He says he hasn't issued a license for ten days or more and thinks the young men must not be talking right to the girls. Some of his friends have reason to believe that Mr. Wicks is doing some talking in the matrimonial line himself.

Attorney Roger W. Harrison filed a suit yesterday for a divorce for Jerry White, colored, against his wife, Florence White. In his petition the plaintiff states that his wife has been guilty of adultery and abandonment. They were married in March 1901, and only lived together about six months.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it on all Dr. King's, or Bucken's remedies, as all others are mere imitations. H. E. BUCKEN & Co., Chicago, Ill., and Windsor, Canada.

TO AVOID LYNCHING.

Negro Who Assaulted White

Woman Taken to Lexington.

Winchester, Ky., Aug. 15.—Yesterday about noon Mrs. Jasper Case, an excellent white woman of Colville, this county, was assaulted by a negro, who was identified this morning as Sam Hise, a negro resident of this town and an convict. He also attempted to catch Mrs. Bond, a neighbor, but she eluded him. He was captured in Paris and identified by both women. Judge J. M. Benton, of this circuit, ordered him to Lexington, as it was feared his presence here would have caused a lynching.

INSTANT DEATH

Met by Two Occupants of Automobile.

Rutland, Vt., Aug. 14.—Deputy police Commissioner Harris Lindsey of New York City, and Miss Eliza P. Willing, of Chicago, were almost instantly killed at Pike's crossing, near Bennington, Vt., this afternoon when a north branch train on the Rutland Railroad struck the automobile in which they were traveling. Miss Willing's nephew, Ambrose Cramor, and the chauffeur, J. Adamson, were thrown about fifteen feet and the truck was torn up for 100 feet. The automobile was dashed to pieces and afterwards destroyed by fire.

NOTICE.

Notice is hereby given: That upon the 9th day of August, 1905, there was filed in the clerk's office of the Christian circuit court a petition, in the name and on behalf of the city of Hopkinsville, the style of which action is as follows: City of Hopkinsville Petition Ex parte. The object of which proceeding is to annex certain territory lying south of the corporate limits of the city of Hopkinsville, between the Paducah road and the Clarksville pike, consisting of about 36 acres, and more fully described in said petition, to and include same within the corporate limits of the city of Hopkinsville. And if no defense is made to said petition at the term of the Christian circuit court, commencing on the 26th day of September, 1905, or the court grant further time for making defense the court will render a judgment annexing said proposed territory.

Given under my hand as clerk of the Christian circuit court. This August 9th, 1905.

C. R. CLARK, Clerk of the Christian Circuit Court.

Not Yet Named.

Change cars for quinine Jim and Colomel. Exchange.

Accidentally Killed.

Mt. Vernon, Ky., Aug. 15.—While handling a small rifle Sunday afternoon at Sparks' quarry a ten year old son of William Moore accidentally shot his sister, aged fifteen, through the head. Death resulted in half an hour. Miss Sexton was standing in the doorway with a baby in her arms. The fall injured the child.

WILL PLAY THE SEASON OUT.

Kitty League Not Closed Out as Expected.

PRINCETON TO STAY IN.

The Season Will Continue Probably Until About October.

The decision of the meeting held at Cairo Sunday was that the K.I.T. League will continue the season, Princeton having been refrained.

In spite of yellow fever scares and other handicaps the "Kitty" league is in good shape. The cash box of the treasury is not empty. This is much more than other leagues can boast, says a Cairo dispatch.

It was a surprise that the Kitty is to live, but a glad one at that. So many had come to look only on the dark side of the Kitten's existence that the knowing ones were sure that Sunday would see the death of the Kitty.

Since the Kitty would not be killed local fans and league officials are grasping the brighter side of the fur and from present prospects the Kitty will finish the season in a healthy and fairly prosperous condition.

Those present at the meeting here Sunday were: Charles W. Brown, president of the league, Paducah; C. C. Gossell, treasurer, Vincennes; Fred Ewing, Princeton; C. S. Carey, Cairo. The Paducah association was not represented. Harry Lloyd, manager of the Paducah team, went to the meeting to represent the Indians, but he had no proxy, so he could not participate.

Cairo did not want to continue the league and was in favor of ending the season with to-day's games, but Paducah and Vincennes were for playing it on, and after much persuasion, won Princeton over to their way of thinking, and so the vote was in favor of going ahead, 2 to 1. The schedule will be continued indefinitely, which means that the season will go on until frost comes."

A FAMILY ROW

Quieter of Neighbors Disturbed by Negro's Wall.

There is a negro family by the name of Nance, living in the old frame building at the corner of 10th and Walnut streets. Though not as numerous as mosquitoes in midsummer, they seemed to be quite numerous when officers Davis and Clark appeared Tuesday about 6:50 p. m. in answer to a telephone call from some one living near them.

They arrested a negro girl named Jeanie Nance, about 18 years old, for disturbing the people by her piteous wails for about two hours on a stretch. One of the acquaintances said that the girl has a little child and that the parents of the mother are very unkind to her, often beating her unmercifully. She said that there had been a fuss in the family Tuesday and that the mother had struck her daughter on the head with a beer bottle. The girl began crying and finally became so boisterous that she was perfectly wild, and when taken to the lock-up kept up her wailing most of the way. There seemed to be no real cause for the girl's arrest, and after becoming quiet she was permitted to return and take care of her child for the night. An investigation before Judge Knight was begun late yesterday afternoon.

BIG BARBECUE.

A Large Crowd Will Be Provided For.

Next Saturday is the day for the big barbecue, brandance and picnic at Herndon. Candidates for county offices have been invited to address the crowd and everybody is invited and will bring band and furnish music for the dancers. A good time is assured for all who may attend. The managers, J. M. Weaver, S. S. Spicer, W. P. Weaver and W. H. Spicer, will make every arrangement to entertain a large crowd. The meats will be barbecued by Calvin Fleming, who thoroughly understands his business.

SIX ARTICLES DISPOSED OF

In The Peace Negotiations at Portsmouth, N. H.

CRITICAL ONES PASSED.

The Cession of Sakhalin and Amount of Indemnity the Troublesome Questions.

Portsmouth, N. H., Aug. 16.—The peace envoys at Portsmouth yesterday disposed of two more of the articles submitted by Japan. Article No. 4 consists of mutual pledges to observe the integrity of China and the policy of the open door for the commerce of all nations. Article No. 6 covers the surrender of the Russian leases to the Liaotung peninsula, Port Arthur, Dalney and the Blonde and Elliott Islands. Article 5, which embraces the demand for the cession of the Island of Sakhalin, was postponed for later consideration. The belief is growing at Portsmouth that there is hope for a compromise that will result in a treaty of peace. The only friction at yesterday's session related to the question of "leaks," each side being disposed to accuse the other of giving out news to the correspondents in violation of the secrecy agreement.

Article 1, as agreed to be the plenipotentiaries at the Tuesday session, was not in the language submitted by the Japanese. It had been modified to nearer meet the wishes of the Russian plenipotentiaries, but to what extent cannot be definitely stated. M. Witte has insisted that Japan's phrase was to make a dependency of Corea and he wanted the language of the article to conform to Japan's real intentions. M. Witte was prepared from the beginning to accept the article, his only objection being as to the form. He wanted the language to show that Japan at least intended to establish a protectorate over Corea.

It seems to be taken for granted among the attaches of both the Japanese and Russian mission that there was no general battle in Manchuria while the peace negotiations are on. Oyama is known to be prepared to strike the moment the negotiations fall and there may be more or less skirmishing and outpost engagements while the troops are getting in position, but it is admitted on each side that if either Oyama or Linvitch should deliberately bring on a general engagement which might cost 50,000 or 100,000 lives his country would be accused of bad faith in the negotiations here and would inevitably lose prestige in the eyes of the world.

AMERICAN BREEDS,

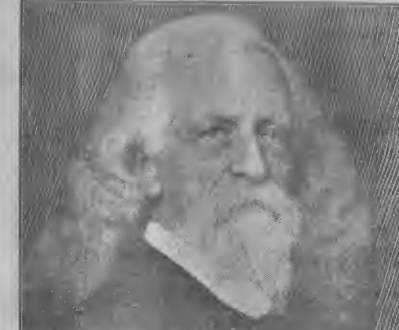

The Egg and Meat Producing Fowls.

The American breed of Plymouth Rocks and Wyandottes and their subvarieties are classed as the combination egg and meat producing fowls, while the Mediterranean are next as egg-producing fowls. The Plymouth Rocks and the Wyandottes, in all their varieties, are equal to almost any fowls in the production of eggs, and are in addition splendid market poultry. The Mediterranean family will produce more eggs for the same amount of care, housing and feed than any other variety; but are not the equal of the others for market poultry.

In considering these fowls one should select the breed that will best meet the demand of the locality to which he will cater—if eggs are desired for the market and the market calls for the eggs that have the white shells, then select one of the varieties of the Leghorn family; if eggs that have the brown shells are required the Plymouth Rock or the Wyandotte will be good; if seeking for a combination or a general purpose fowl, select some one of the many varieties of the American breeds. This is the situation, and while there is a distinction in the eggs of the different breeds all of these mentioned are worthy of consideration, and will fully compensate those who select them, if bred and cared for with definite purposes in view. If we choose a breed for fur-

A COMRADE OF GENERAL GRANT

Says: "I Do Not Believe Pe-ru-na Has a Superior."

COL. BENJ. F. HAWKES.

Col. Benj. F. Hawkes, of 811 G street, S. W., Washington, D. C., in one of the three living comrades of General Grant in his cadet days at West Point. In a recent letter this venerable gentleman says of Peru-na: "I have tried Peru-na after having tried in vain other remedies for catarrh, and I can say without reservation that I never felt a symptom of relief until I had given Peru-na the simple trial that its advocates advise. I do not believe it has a superior either as a remedy for catarrh or as a tonic for the depressed and exhausted condition which is one of the effects of the disease."—Benj. F. Hawkes.

The Greatest Family Medicine Ever Discovered.

Hon. Wm. G. Hunter, ex-member North Carolina Legislature, writes from the Census Office Building, Washington, D. C., as follows: "The greatest family medicine ever discovered, in my opinion, which comes from experience as well as observation, is Peru-na. The most common affliction to humankind is a bad cold. Peru-na drives it out of doors, wards off catarrh, invigorates and gives fresh strength to mind and body. I give Peru-na my unqualified endorsement."—Wm. G. Hunter.

Chronic Catarrh of the Stomach

Cared by Peru-na. Jas. T. Jakeman, President Elder Mormon Church, Salt Lake City, Utah, writes:

"I should be and am a very grateful man for having been recommended the use of Peru-na for catarrh. I had a chronic case of catarrh of the stomach and my appetite was so filled with different remedies that I had taken that I sickened at the sight of a medicine bottle. Peru-na was a last resort and it did not fail me, but cured me in about three

months and I feel that it is a wonderful remedy and gladly give my experience from its use."—Jas. T. Jakeman.

Peru-na Proved a Life Saver.

Mr. Louis Byrnes, auctioneer, commission merchant and business broker, 430 1/2 Richmond street, London, Ont., writes: "I had been a sufferer with what physicians diagnosed as chronic catarrh. I thereby lost the necessary speaking facilities, which almost caused me to discontinue the business of auctioneer. After spending several hundred dollars for various medicines and doctor bills without avail, your wonderful remedy, Peru-na, was recommended to me. After using several bottles of this life saver, I found relief, and I am again capable of conducting my auction sales. I wish to convince others, likewise afflicted, of the merits of your great remedy."—Louis Byrnes.

Thousands of Testimonials.

We have on file thousands of testimonials like the ones given here. We can give our readers only a slight glimpse of the vast array of unsolicited endorsements of Peru-na which we are constantly receiving.

TOTAL DEATHS NOW 172.

Physicians Think They Have the Situation Well In Hand.

New Orleans, Aug. 15.—The day's record shows that there is beginning to be an improvement in the situation. With only sixty-two new cases found by the almost perfect system which is now in force, there is every reason to believe that the progress of the disease has been checked and its eradication is only a question of a few weeks. Of the six deaths only one was an Italian. Among the others was J. O. Daspit, a prominent young lawyer, and Pierre Alda, a well-known musician, one time leader of the French Opera Orchestra. Alda, however, was in destitute circumstances, and was buried by the city. He was found in a dying condition. Only a third of the new cases today are Italians. As the result of the watch being kept on the situation in Algiers, which was reported as clear of fever two days ago, one case was found there today, but it is traced to this side of the river, and is not secondary infection from either of the two cases previously reported there. A case was found in McLeannville, two miles below the United States Naval Station, which is also traceable to this side. Official report to 6 p. m.

Pe-ru-na is a Catechism Tonic Especially Adapted to the Declining Powers of Old Age.

In old age the mucous membranes become thickened and partly lose their function. This leads to partial loss of hearing, smell and taste, as well as digestive disturbances.

Peru-na corrects all this by its specific operation on all the mucous membranes of the body.

One bottle will convince anyone. Older men and Peru-na becomes a life-long stand-by with old and young.

Mr. Charles F. Benetson, Truesdell, Mo., writes: "I have followed your instructions for the past month and am now as well as I can be at the age of eighty-four years."

I thank you for your valuable instructions and advice. I first used Peru-na fourteen years ago when my health was so bad that I had no hope of staying many days, and after using it I began to pick up. It has helped me ever since. I feel well, but will always have Peru-na as my companion."—Charles F. Benetson.

Suffered a Number of Years From Systemic Catarrh. Used Peru-na as Last Resort, Now in Good Health.

Mrs. E. Schenker, 2305 S. Olive St., Los Angeles, Cal., president Girls Friendly Society, also secretary South Los Angeles Travelers Club, writes:

"I was for a number of years a sufferer from systemic catarrh. I was very nervous and ran down, my appetite had failed me and my sleep was not restful. I had lost much in weight and looked like a very sick person. My physician advised a change of climate and the medicine I took only gave me temporary relief.

"I tried a bottle of Peru-na as a last resort and was greatly pleased to find that I felt much improved in a general way and then I bought several bottles more.

"I am now in good health and have a good appetite and sleep well. I cannot say too much for Peru-na and for what it has done for me."—E. Schenker.

Peru-na Contains no Narcotics.

One reason why Peru-na has found permanent use in many homes is that it contains no narcotic of any kind. Peru-na is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peru-na does not produce temporary results. Its permanency is its strength.

DISHONESTY AT CIRCUS.

There is Crookedness in the Air, as an Experienced Showman Proved.

"When the circus comes to town everybody goes crooked," observed a side-show orator out of the mouth of his experience. And just before the performance in the big tent he proved it to mean in a way, relates the Pilgrim. He told me beforehand what he was going to do and it was a test. A stranger gave him a \$5 bill in payment for seven side-show tickets. The man in the "pulpit" thrust at him the tickets and a handful of silver. He had purposely "short changed" him to the extent of \$1. By the time the stranger had reached the side-show entrance he discovered the shortage. In two strides he was in front of the ticket seller's "pulpit" clamoring "fraud."

"You've swindled me out of a dollar!" he shouted. The ticket seller heard him through, apologized and gave him two fresh, clean \$1 bills, one of which lay evenly upon the other. Without a word the man seized them and dashed into the tent. I followed him, knowing precisely what had been done. Joining his friends, he told them of the mistake the ticket seller had made and laughed over the case with which the circus had defrauded itself for his benefit. The shoe had slipped to the other foot, you see. He had "beat a circus;" it was the sum of his ambition; his wildest hopes had been realized.

He was watching the "Mexican knife thrower" when a hand touched his shoulder. He looked up into the eyes of the ticket seller.

"Come here a minute," said the latter, and drew him to one side. Then he explained in an undertone. "My friend, I thought I'd test you. I did short change you a dollar. Oh, I knew you'd be back. I gave you your dollar; you were entitled to it. But in addition I gave you another dollar—a bill—a fresh, clean \$1 bill. I waited awhile, but I couldn't see you tearing a hole in that canvas to get to me with it. Now, my friend, sell out that dollar before I knock your bloomers' head off."

He shelled. "Didn't tell you," observed the side-show man to me as he mounted his "pulpit" and cleared his throat.

I was compelled to nod agreement.

THE COLONEL WAS SEASICK.

And As the Waves Rolled Up He Assigned Them Proper Military Rank.

Capt. Dugge, of the Hamburg American liner Prinz Oskar, was talking about sea-sickness. "One voyage," he said, "I had on board an English soldier, a colonel. We had hardly left Genoa before the colonel went down to his stateroom, and by the time I returned in eight he was a discolored, pale green in color, and unable to eat or drink any thing.

"As he was a friend of mine I went to see him on the fourth day. He lay on his back with his eyes closed, very still, very green. "First I thought he was asleep, but, noticing a slight movement of his lips, I leaned over and heard him murmur faintly: "Corporal—corporal—sergeant major—lieutenant colonel—lieutenant colonel—" "Could he be delirious?" I listened again, and again the monotonous murmur continued: "Sergeant major—lieutenant general—corporal—lieutenant general—" "Then his eyes opened and he said: "Good morning, captain." "Why," said I, "I thought you were delirious. What on earth were you doing?" "Assigning the waves their rank," he answered, with a sad smile. "There have been six lieutenant generals in the last four minutes."

HE'S HERE.

Frank A. Lucas, the Revenue Agent, Busy.

The breathing spell only lasted a few days. Mr. Frank A. Lucas registered at Hotel Latham Tuesday night. It is said he came for the purpose of arranging out of court a settlement with some of our people who have been made defendants for back taxes. Of course that would be agreeable to Mr. Lucas, and perhaps to some delinquents, but we hardly think he would mind stirring up the records a little more and filing other suits that might be worth while. There has been considerable talk since Mr. Lucas left us as to his methods, but the consensus of opinion is that while Mr. Lucas may be proceeding according to his own ideas and causing a great deal of trouble, yet this does not lighten the burden thrown upon the people, and they have already or will be forced to "cough up" considerable money they do not owe. But still the only answer is there is no remedy until the meeting of the next Legislature. In the meantime the "Big Four" will furnish the music and the people be made to dance when the quartette starts up the tune, "Cough Up."

Buggies!

5 MORE CARS!

5

Having had the biggest sale this year ever made by any firm in Hopkinsville, we were encouraged to order five cars more, later than we usually buy, for the months of August and September.

On this sale we will, on account of the low price we obtained, sell Buggies, Surreys and Phaeton at \$5.00 to \$20.00 each less than they have ever been sold in the city. Purchasers residing in Todd, Logan, Hopkins, Trigg and Caldwell counties, Ky. and Montgomery county, Tenn., will have their railroad fare both ways paid back to them, upon presentation of this coupon. This sale will continue until October 1st, 1905.
